

## *Year 5 - Safer Internet Day*

Year 5 have been learning about being an online bystander (someone who knows bullying is happening but does nothing to tackle it) and upstander (someone who tries to stop the bullying).

They have given lots of good advice about how to do this: telling parents, reporting the behaviour to websites, telling teachers or even the police.

Look at our videos on the Class Blog. Can you identify the bystander and upstander?
