Thank you for such lovely comments. All of the staff at Brereton work hard to ensure the pupils not only progress academically but socially and emotionally too. We want all pupils to love learning and enjoy a wide variety of experiences whilst with us. The children's happiness is always our primary focus and we will always do our best for our pupils and parents.

Thank you for suggestions on how we could improve. This year we have tried to vary the days and times of events such as our Stay and Make sessions in order to try and suit as many people as possible but we will continue to look at how we can involve more parents. Please be reassured that we always provide additional staff for such events so that they can work with any pupils who do not have an adult present.

We are very fortunate at Brereton to have some very small classes. Where classes are larger and more in line with other schools, we ensure additional support is given to the class so as to ensure pupils needs are catered for.

We recognise communication is something we need to continue to develop further. Staff will be using the website to write weekly blogs to inform you of what your child has been learning. We will also endeavour to add links to websites or make suggestions for additional activities which can be done at home. Reading Diaries are used to share spelling marks and assessment scores but we will investigate how we can develop our practice further so as to keep you better informed. We appreciate the support offered by parents and we want to help you as best we can.

Thank you for the additional comments and suggestions and please rest assured they will be shared with staff so that subject coordinators and the Senior Leadership Team can implement improvements next year. We are always happy to listen to your concerns so please do speak to a member of staff as soon as an issue arises.

Thank you for taking the time to complete the questionnaire and we hope you have a wonderful summer.
