

Brereton C of E (A) Primary School Newsletter

Autumn 3
Friday 16th October 2015

Dear Parents,

Today we have been celebrating British Values throughout the school with various activities and projects. The children with the help of Mrs Taylor have been creating some wonderful iconic British images for display around school. Have a look at the website to see the results of their hard work.

Year 1 had a Stay and Make with Miss McCann and parents were invited to come into school to create castles for the fairy tale topic.

Christmas Cards

The children have been working on their designs for this years Christmas cards. You will be able to view and order your cards at the parents consultations next week. Once you have viewed your child's card design, fill in the order form and pay either by cash or cheque (payable to Brereton Primary School PTA) Please do not take the order form home as they are sent to the printers to be scanned.

PTA Dates for your diary:

Bonfire Night - 6th November

Christmas Fair - 27th November.

Parent Consultations will be held during the week commencing 19th October 2015. You will find the dates for your child/children's class on the school calendar on the website. You will book your appointment using Parentmail appointment booking system. The appointment booking system went live on Thursday 8th October. Appointments will be allocated on a first come first served basis. If you experience any problems with the online booking system, please let the school office know.

St Oswald's Family Remembrance Service on Sunday 8 November at the earlier than usual time of 10am. This will be a Parade Service for Brereton Scout Group and will be followed by an Act of Remembrance at Brereton War Memorial. There will of course be refreshments after the service.

We have received notification of an incident of threadworm. We would ask parents to talk to their child about the need to wash hands thoroughly with soap and water after using the toilet and dry them properly.

Threadworm is quite common in children but we do need to highlight this problem to ensure early detection and early treatment is sought.

Should you have any queries please contact your local GP or Pharmacy for advice.

We have also had reports of head lice in school. I would therefore ask if parents could please check their child's hair, whether long or short each day.
