

Brereton CE Primary School

Friday 11th September

Assessments

It is the end of the first full week and the children have all coped with the timetable demands and expectations really well. Teachers have completed all of their baseline assessments and are now tailoring their teaching to address any gaps which have been identified.

Isolating

We have attached a flow chart to help parents make informed decisions about pupil attendance. This is also available on our school website. Over the next few weeks, we expect children to get their usual back to school coughs and colds and, as frustrating as it may be, it is important that we work together to keep our school and local community as safe as possible. We greatly appreciate parental support and if we can help in any way please let us know.

Please ensure you notify school if you or a member of your household has coronavirus symptoms and please inform school of the test outcome as soon as possible.

Home Learning

During staff meeting time this week, staff reviewed the expectations around remote learning. We have also evaluated the feedback we received at the end of last year.

In the event of individual pupils isolating, staff will continue to upload work to School Spider. This will include daily maths, English, spelling and guided reading activities. We have purchased new resources and subscription to

help improve the quality and clarity of our resources. All work should then be emailed to the year group e-mails. These are:

earlyyears@breretonprimary.org.uk

year1@breretonprimary.org.uk

year2@breretonprimary.org.uk

year3@breretonprimary.org.uk

year4@breretonprimary.org.uk

year5@breretonprimary.org.uk

year6@breretonprimary.org.uk

Paper copies of work are available on request.

A member of staff will phone once a week to check how everything is going. This may not be the class teacher, as they will be teaching full-time.

In the event a class has to close, a separate two-week unit will be prepared which will contain daily tasks, with videos or narrated Powerpoints. Staff will be available to respond to questions and comments throughout the day, unless they are unwell themselves.

Welcome Presentations

Please see the class pages on our website for our welcome PowerPoints.
