

Brereton C of E (A) Primary School Newsletter

Autumn
Friday 4th December 2015

Dear Parents,

This morning we have the pleasure of the Reception Nativity. It is a magical time of year in school and is best captured by the singing and acting skills of our youngest pupils. I do hope that all parents and grandparents enjoy the show. Miss Goff and Mrs Gleave have worked really hard with their class to put on this performance for you all.

Our Key Stage Two enjoyed Robin Hood and Marion at the New Vic theatre on Wednesday afternoon.

Thank you to everyone who came along to enjoy the Christmas Fair with us last Friday. It was a wonderful evening! Our gratitude goes out to the PTA who did an amazing job of organising the event and making it such a successful and enjoyable evening. With your help we raised £2293! An amazing total!

Watching productions like this always have an impact, "It was a wonderful performance, and everyone in Key Stage Two thoroughly enjoyed it," said Louis in Year 6. Mrs Wood added, "I think the consensus was that everyone's favourite part was when the arrows came up from the floor." Mr Stanway however preferred the talking birds! Jake in Year 4 loved it when the actors used ropes to swing across the stage! All in all another really successful trip.

Next week we still have the nativity from Years One and Two to look forward to, along with Christmas parties and Christmas dinners, all rounded off by our favourite Carol Service at St Oswald's Church on Friday 18th December at 2pm. Sadly I will not be at the Carol Service as this is my very last day at Astbury St Mary's School and I must spend the day with them in order to finish off the term and say my goodbyes. I am delighted that I will be back here full time in January.

You are invited to
**Brereton's
 Christmas Carols
 in the Park**
 Saturday 12th December
 4.30pm to 5.30pm
in the Community Space
(or, the School Hall if poor weather conditions)

Carol Singing
 Brass Ensemble
 Mulled Wine
 Mince Pies

**Free
 Entry!**

CELEBRATE!

This week we are celebrating the fact that we are enjoying a visiting group of Year 6 able and talented mathematicians who are joining our able and talented mathematicians every Thursday to extend their knowledge and understanding of problem solving.

This is great sharing of teacher expertise between the two schools and an opportunity for the children to extend and develop their mathematical thinking with a new group of pupils.
