

Spanish - Intent, Implementation and Progression

Brereton C of E Primary School began teaching Spanish in 2020. Spanish was selected as it offered the best opportunities for our children. It is the most widely spoken language internationally after English, is the language most likely to be used by our pupils (many of whom holiday in Spanish speaking countries) and offers continual progression into KS3 agreed by our main feeder High School. Language teaching at Brereton begins in Y2 with learning greetings and numbers informally. Given the recent change in language, it will take a period of 4 years for children to reach the end of KS2 expectations. In 2020/21 all children will follow the Y3 scheme of work, in 2021/22 Y4,5,6 will follow the Y4 scheme of work, in 2022/23 Y5,Y6 will follow the Y5 scheme and in 2023/24 all year groups will follow their own progressive scheme of work building on previous knowledge and skills.

Level Expected at the End of KS2

Key Stage 2 National Curriculum Expectations

Pupils should be taught to:

- listen attentively to spoken language and show understanding by joining in and responding;
- explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words;
- engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help;
- speak in sentences, using familiar vocabulary, phrases and basic language structures;
- develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases;
- present ideas and information orally to a range of audiences;
- read carefully and show understanding of words, phrases and simple writing;
- appreciate stories, songs, poems and rhymes in the language;
- broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary;
- write phrases from memory, and adapt these to create new sentences, to express ideas clearly;
- describe people, places, things and actions orally and in writing;
- understand basic grammar appropriate to the language being studied, including (where relevant): feminine, masculine and neuter forms and the conjugation of high-frequency verbs; key features and patterns of the language; how to apply these, for instance, to build sentences; and how these differ from or are similar to English.

Intent

Spanish has been selected to teach at Brereton as it is the mostly widely spoken international language after English, is the most likely to be used by our children at this stage in their life as most visit Spanish speaking countries on holiday and allows for progression into KS3 in agreement with our main feeder High school.

We plan and deliver a coherently planned sequence of lessons, ensuring progressive coverage of the skills required by the national curriculum. Our chosen themes - Our Past, Let's Explore a Spanish Town and Discovering Spain - provide an introduction to the culture of Spanish-speaking countries and communities. It aims to create a love of learning and help deepen their understanding of the world. A linear curriculum has been chosen to allow an opportunity for children to gradually build on their skills. It enables children to express their ideas and thoughts in Spanish, providing opportunities for them to interact and communicate with others for practical purposes both in speech and in writing. We aim to expose children to authentic Spanish and children are regularly taught by a native speaker.

The intent in Lower KS2 is that children acquire basic skills and understanding in Spanish with a strong emphasis placed on developing their Speaking and Listening ability. These will be further developed in Upper KS2 alongside Reading and Writing skills, gradually progressing to more complex language concepts and greater learner autonomy. During the first 2 years of Spanish at Brereton (2020-2022) all KS2 will work at lower KS2 moving on when they have sufficient knowledge.

We aim to inspire a love of learning and one another by demonstrating a love of languages and to expand their horizons to other countries, cultures and people. We intend to help children grow into curious, confident and reflective language learners and to provide them with a foundation that will equip them for further language studies.

Implementation

Lessons are sequenced so that prior learning is considered and opportunities for revision of language and grammatical concepts are built into lessons. Our lessons and resources help children to build on prior knowledge alongside the introduction of new skills. A series of lessons are suggested, providing structure and context as well as offering an insight into the culture of Spanish-speaking countries and communities. The introduction and revision of key vocabulary and grammatical structures is built into each lesson. This vocabulary is then included in display materials and additional resources so that children have opportunities to repeat and revise their learning. Teachers are supported by a specialist Spanish teacher and native speaker who leads lessons weekly.

In Y2 greetings and numbers are modelled, practiced and revised orally by the children regularly when answering the register or during time between lessons. This is done by the classteacher.

From Y3:

There will be at least 1 x 30 minute lesson each week to introduce key vocabulary and concepts. This will usually be led by our specialist teacher offering CPD to our classteachers. Key vocabulary from the lesson should be practiced throughout the week in short bursts. Each week key vocabulary is recorded in children's workbooks and children in Y5 and Y6 will also write sentences and short paragraphs at least once each half term.

2 days each year will be devoted to learning about the culture of Spanish culture and customs around the world and this learning will be reinforced through the weekly lessons.

Impact

Using the full range of resources, including display materials, will increase the profile of languages across school. The learning environment will be consistent with key Spanish vocabulary displayed, spoken and used by all learners. Whole-school and parental engagement will improve through the use of language-specific home learning tasks and opportunities suggested in lessons and overviews for wider learning. We want to ensure that Spanish is loved by teachers and pupils across school, therefore encouraging them to embark on further language studies. Impact can also be measured through key questioning skills built into lessons and child-led assessment.
