

Literacy

The children will be using stories such as 'How to Catch a Star,' 'Lost and Found' and 'The Bear who went Boo' to explore story writing. We will also be using non-fiction texts to find information and we will be learning to write instructions and facts.

The children will learn lots of new vocabulary relating to Space and the Polar Regions. They will learn to ask questions and listen to explanations and instructions. We will be learning to tell non-chronological reports, recounts and instructions.

Physical Development

In PE we will be developing our gymnastic skills. After half term we will be focussing on ball skills.

The children will also be learning about making healthy choices.

Trip

A day of intergalactic fun at Jodrell Bank - Date

Communication and Language

A 'Stay and Make' session will be held, inviting parents or grandparents to come and build a rocket!

We will also be creating pictures and paintings, looking carefully at the use of colour. In music we will be learning lots of new songs.

The children will be exploring special objects, artefacts and places.

After half term we will be focussing on new life.

We will continue to work on following school rules, helping others and looking after property. We will also be encouraging the children to resolve situations more independently.

PSED

OUT OF THIS WORLD!

Maths

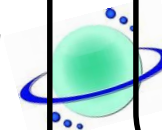

©www.ClipProject.info

The children will continue to build on their knowledge of number and place value. We will investigate those tricky teen numbers and look at the composition of numbers beyond 20. Our main focus will be on addition and subtraction, as well as 1 more, 1 less and doubling.

Understanding of the World

As part of our topic work we will be comparing habitats. We will also be learning about the Space race and we will be following the British astronaut Tim Peake very closely! We will also be looking at freezing liquids and melting solids.

This term we will be celebrating Chinese New Year, Easter, Mothering Sunday, Shrove Tuesday and Holi.
