Where are we staying?

- We have been allocated an annex building. All children will be in either a 6 bed dorm, a triple or double room. Each room has a wash basin. Toilets and showers are situated at each end of the corridor. Staff rooms are in the same vicinity as the children's rooms. The children will be told which staff are where, should any of us be needed at any time.

We also have access to a common room with a television so children can have some 'down time'. There is also plenty of outdoor space for the children to play which we will make use of in the evenings. There is no need to bring games as we will provide everything. However they can bring a book/magazine to read if they wish.
